SAFETY INFORMATION

For your safety and to ensure optimal performance, please observe the following precautions:

Battery Lifespan Protection:

To maintain the battery's health, ensure that you fully charge the STEAM at least once every 3 months. Keep in mind that battery life may vary based on usage patterns and environmental factors.

IPX6 Rating – Waterproof and Dustproof:

The STEAM is rated IPX6 for water and dust resistance, meaning it can withstand 100 liters of water sprayed onto it for 3 minutes at a pressure of 100 kPa.

Liquid Exposure Warning:

Never expose the STEAM to liquids while it's connected to a cable. Additionally, avoid getting the speaker wet while charging, as this could result in permanent damage to both the speaker and its power source.

Impact of Chemicals and Saltwater:

Exposure to chemicals and salt from pool or ocean water can weaken the waterproof seals and damage the connector surface over time. Always rinse the STEAM with fresh water after exposure to these elements to prevent damage.

Charging After Liquid Exposure:

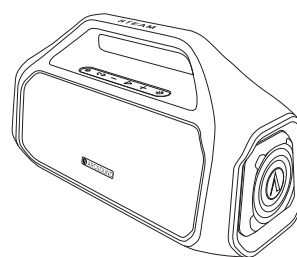

If the STEAM has been exposed to liquid, allow it to dry completely and ensure it is clean before charging. Charging while the speaker is wet could cause irreversible damage.

External Adapter Compatibility:

When using an external adapter, ensure that the output voltage and current do not exceed 5V/3A to avoid damaging the speaker.

WHAT'S INCLUDED

Speaker

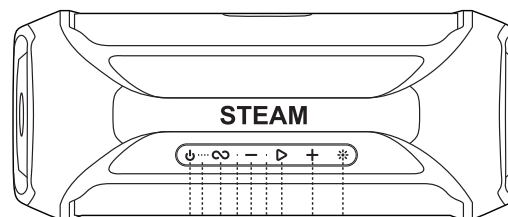

Quick start manual

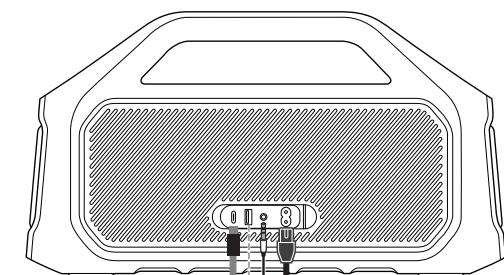

Power cable

CONTROLS (TOP)

- The default volume is set to 30% when the speaker is turned on.
- To skip to the next or previous song, press the + or - button.
- Press and hold the **Play/Pause** button to disconnect Bluetooth.
- The speaker will automatically power off if not used for +20 min.

CONTROLS (BACK)

PD Charge 45W in/out

Output: 5V---3A, 9V---3A, 15V---3A, 20V---2.25A (45W Max)

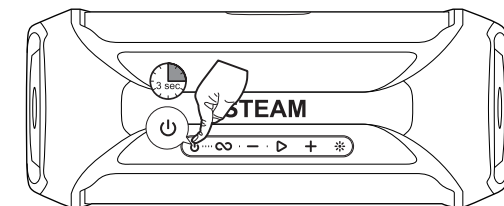

AC 100V-240V

USB Play

When you plug the 3.5mm audio cable into the speaker, it will automatically switch to line-in playback mode.

BLUETOOTH FUNCTION

- 1 Hold the Button for 3 seconds to Power On/Off.
- 2 Choose **Bluetooth mode** by pressing the On / Off button.

STEAM

- 3 Open the Bluetooth settings on your mobile device and select "STEAM".

TRUE WIRELESS STEREO

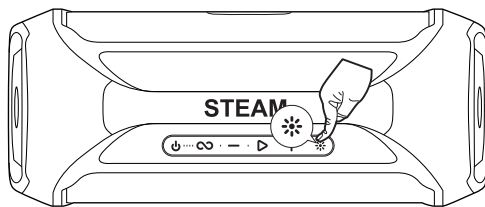

Pair 2 Arcsound STEAM speakers for an enhanced audio experience.

Power on both speakers, then press and hold the  button to enter True Wireless Stereo (TWS) mode. **Note:**

- The next time you use both STEAM speakers, they'll automatically pair in True Wireless Stereo (TWS) mode.
- To disconnect from TWS mode, short press the  button on either speaker. A sound prompt will notify you of the disconnection.

PULSE LIGHTS FUNCTION

- 1 Long press to turn off the pulse lights.
- 2 Short press to change between different pulse light modes.
- 2 Press twice to switch between folders when playing audio files via an USB stick.

SPECIFICATIONS

Product model	STEAM
Drivers	Woofer: 189x114mm - 1pc Midrange: 3" (78mm) - 2pcs Tweeter: 2" (52mm) - 2pcs
Bass enhancers	Passive Radiators (155x151mm) - 2pcs
Bluetooth version (chip)	MV5.3 (MV BP1048B2)
Output	200W (100Wx1 + 35Wx2 + 15Wx2)
Frequency response	40Hz - 20kHz
Battery type	Li-ion battery 7.4V 9000mAh 66.6Wh
Battery charging time	2 hours**
Playing time	Up to 15 hours*
Cabel type	AC power charging cable
Cabel length	1.5m
Bluetooth profile	A2DP 1.3, AVRCP 1.6, HFP 1.6
BT transmitter freq. range	2402 MHz - 2480 MHz
BT transmitter power	+8dBm(EIRP)
BT transmitter modulation	GFSK, π/4 DQPSK, 8DPSK
Functions	BT / Aux in / USB-A / TWS / Power Delivery in & out (45W) / Support power bank function
Product size (WxHxD)	497x274x204mm
Net weight	6400g
Packaging size (WxHxD)	555x330x255mm
Gross weight	7600g
Operation temperature	MAX 45°C
Classification	IPX6 (Waterproof)

* Dependent on volume and audio content

** Cable and adaptor need support for PD / 45W
